NO FIGHTING OCCURS

ARMIES OF MARSHAL OYAMA
MARCHING UNOPPOSED ON
CITY OF MUKDEN.

RUSSIAN PEOPLE WORRIED

BELIEVE THAT SOME DISASTER
WILL BEFALL THE ARMY OF
KUROPATKIN.

There has been no renewal of fighting on a large scale between the Russian and Japanese armies in the far East, but the armies of Field Marshal Oyama are advancing steadily on Mukden, where the Russians claim they will resist with 50,000 men.

At St. Petersburg the people are harassed by rumors of impending disaster to General Kuropatkin, which find ready credence because of the lack of official information from the general's headquarters at Mukden, and for the moment the popularity of the head of the Russian armies in the field is in eclipse. In that capital, too, there is much uneasiness felt lest the Japanese advance in Manchuria should afford occasion for the growth of an anti-Russian spirit in China and the ultimate projection of that power into the conflict.

MARCHING ON MUKDEN.

Oyama's Armies Heading Directly for That City.
Chefoo, Sept. 14.—Marshal Oyama is converging his center and left directly on Mukden by slow stages and the Russians are avoiding even rear guard engagements wherever possible. General Kuroki's precise position is uncertain, but it is believed he is making a wide sweep toward the Hun river and the eastern road from Mukden, which runs parallel from that city for thirty miles to the confluence of the Hun and Shutsu rivers southeast of Yingpau. His troops are extended through the coal and limestone regions east of the peninsular railway, between the Hun and Taitse rivers and west of a line running due south from Yingpau to Hot Springs, north of Tang.

IRRITATES RUSSIANS

SILENCE ON SITUATION AT THE
FRONT BECOMES ALMOST
UNBEARABLE.

St. Petersburg, Sept. 14.—The continued delay in the receipt here of anything like a detailed official account, either of the battle of Liaoyang or of the present situation at the front, is proving more irritating to the public of St. Petersburg than any previous phase of the war, and has given rise to numerous alarmist stories of the alleged precarious condition of General Kuropatkin's army. None of the stories, however, are traceable to any authentic source. The fact seems to be that military operations in the neighborhood of Mukden are almost suspended on account of the effect of the rains upon the roads.

There is no current news to record, while General Kuropatkin has transmitted an account of the recent great battle, it has not been allowed to circulate. The persistent silence is doing more than anything else to discredit the Russian commander-in-chief in the eyes of the public, with whom he has heretofore been an almost edited hero.

Reports that the Chinese are making preparations to occupy conquered territory are creating some uneasiness, for China has been all along an uncertain quantity from which any development or complication might be expected. No one knows precisely what pressure, racial or political, Japan may be able to bring to bear upon the great, silent empire. The logical belief always is that China would endeavor to the utmost to refrain from taking side in the present conflict in order that she might be in a position to make the best terms possible with the ultimate victors, but it is realized that a continued Japanese advance into the heart of Manchuria might exert a powerful influence upon both the Chinese peasantry and the nearby ill-controlled regular troops, which the weak central government at Peking might find it difficult to curb, thereby precipitating serious complications upon the scene of actual hostilities.

REPORT NOT MADE PUBLIC.

General Kuropatkin Sends Message to Russian Czar.

St. Petersburg, Sept. 14.—The emperor has received a long report from General Kuropatkin outlining the military situation and the disposition of the Russian forces and describing minutely the strategic considerations. It is also understood that General Kuropatkin dwelt lengthily on the political aspect of the situation. The contents of the reports will not be published.

The authorities here are unanimously of the opinion that General Kuropatkin will not withdraw from Mukden without accepting battle. It is expected that he will leave 50,000 men to defend Mukden while the remainder

of his army retires to Tie pass. It is believed that General Kuropatkin has over 200,000 men. The general staff said Tuesday that since the battle of Liaoyang General Kuropatkin had been reinforced by two army corps.

MAY CALL OUT NEW TROOPS.

Japan May Mobilize Part of Her Territorial Army.

London, Sept. 14.—The Daily Mail's correspondent at Chefoo reports that 300,000 Chinese coolies are engaged upon Japanese entrenchments between Dainy and Port Arthur.

The Morning Post's correspondent at Shanghai hears that the craning out of a portion of the Japanese territorial army is imminent.

From Tokio the correspondent of the Standard telegraphs that the Chinese government is becoming uneasy over the fate of Manchuria. An unconfirmed report, he says is current that Wu Ting Fang, the Chinese assistant foreign minister, will leave Peking shortly on a special mission to Europe and America on the Manchurian question.

Bennet Burleigh, cabling from Tientsin to the Daily Telegraph, still insists that the Japanese casualties in the battle of Liaoyang are nearer 30,000 than 17,000.

Mr. Burleigh's dispatch says: "The Japanese, who are bad horsemasters, have many thousands of animals foundered, terribly galled and soiled. Reinforcements both of men and horses, however, are being hastened northward. The mikado's troops hold secretly but strongly all the districts to the north along the Liao river up to Simintin. I believe the Chunchuses are organizing for some important operations north of Mukden."

"Oyama was overheard to say at Liaoyang that stubborn as Kuropatkin is, he must now be in a desperate condition and aware that his game will not do. Whatever corps Russia may mobilize, Japan can duplicate them with better troops put into the field more quickly."

DEPARTURE DELAYED

BALTIC SQUADRON WILL NOT
SAIL AT ONCE FOR SCENE
OF ORIENTAL WAR.

Berlin, Sept. 14.—The Tageblatt's St. Petersburg correspondent telegraphs that the departure of the Baltic squadron has at the last moment been deferred for several days, apparently to await news from the far East. The fleet will remain for the present at Reval.

WHEAT PRICES GO SOARING.

Damage by Frost Adds to the Seriousness of the Situation.

Chicago, Sept. 14.—Blighting frosts over the Canadian Northwest added fresh zest to the bull campaign in wheat, forcing prices up to a new high record mark. Following so closely upon the government crop report showing the smallest yield in a decade for the United States the announcement that untold damage had been inflicted during the night upon the Canadian wheat fields necessarily awakened grave fears among traders. Adding to the seriousness of the situation the weather bureau forecasted frosts throughout Minnesota and the Dakotas. As one trader expressed it all that now remains apparently is for a fire to come and burn up the leavings.

The wildest excitement prevailed on the board from the moment trading began. Shorts were urgent bidders for wheat, but offerings were hard to find. As evidence of the scarcity initial quotations on all deliveries were up 2 cents, May opening at \$1.15 to \$1.16. December opened at \$1.14 to \$1.14. As trading progressed May soared to \$1.18 a bushel, which is 1 cent higher than the recent price made on Aug. 20. In the meantime December had advanced to \$1.16 a bushel.

Later in the session the price of the May option jumped to \$1.18 and \$1.18, while December advanced to \$1.16. The close was extremely strong, with May up 3 cents, at \$1.18, December closed with a gain of 3 cents, at \$1.15.

BAD FLOOD IN TEXAS.

Only One Building Remains at Presidio Del Norte.

San Antonio, Tex., Sept. 14.—A special to the Chronicle from Marfa, Tex., says:

The latest news from Presidio del Norte regarding the flood situation there is to the effect that nothing remains except the Catholic church, which is located about a mile or more from the river. The people are herded together on a hillside and many of them are in need of the necessities of life. Two hundred and eighty-six are without homes. It is said that an effort will be made to rebuild the town at a point below its former location on ground not subject to overflows.

ITINERARY IS COMPLETED.

Where Senator Fairbanks Will Speak on His Western Trip.

Chicago, Sept. 14.—Chairman Tawney of the speakers' bureau at Republican national headquarters completed the itinerary of Senator Fairbanks' Western trip as far as Portland, Ore. Senator Fairbanks will leave Chicago on the night of Sept. 23, arriving in La Crosse, Wis., at 8 a. m., Sept. 24. His programme of speeches will then be as follows:

HIGGINS AND WOODRUFF.

Now the Only Two Candidates for Republican Nomination in New York.

Saratoga, N. Y., Sept. 14.—Unless the forces behind the candidacy of Lieutenant Governor Frank W. Higgins change position before a vote is taken, there is every indication of his nomination by the Republican state convention to head the state ticket as candidate for governor. But one name is mentioned in opposition, that of Former Lieutenant Governor Timothy L. Woodruff. All talk of a third candidate has been abandoned and the contest now lies between these two men. Governor Odell and his friends are outspoken in their advocacy of Mr. Higgins and in a poll, issued last night, claim to have 709 votes assured in his favor. The convention's total vote is 974. United States Senator Platt and Mr. Woodruff's advocates do not by any means admit this situation.

One Year Four Dollars

WEDNESDAY, SEPTEMBER 14, 1904.

Weather
Forecast—Fair and warmer.
Temperature (Record kept by Dr. J. L. Camp from 7 a. m. yesterday morning to 7 a. m. this morning)—Maximum 56 above zero; minimum 44 above zero.

Next Tuesday is primary election day in Minnesota.

It is hoped every republican voter in the county will turn out next Tuesday to the primary election.

The recent frosts have not abated the ardor of the numerous candidates who seem to be waging as hot a war as ever.

The lone name of the candidate for congress graces the democratic ticket of Cass county. The democratic voter of that county "hardly gets hissed back."

The republican campaign in Minnesota will be opened on Sept. 24, and will not be closed until the votes are counted on the evening of Nov. 8th. There will be something doing all the time.

MINNEAPOLIS has a democratic candidate for congress who has deserted the principles of Judge Parker and boldly asserts from the stump that he is running on a Bryan platform. His name is Williams.

BOR DUNN made a record while state auditor that is a nightmare to the opposition now that he is the candidate of the republican party for governor of Minnesota. He will fill the position of governor as faithfully as he did that of auditor.

CONGRESSMAN BUCKMAN'S record during his first term has been such that no criticism has or can be made of his official acts. He is justly entitled to a second term and indications point to his re-nomination by an overwhelming majority at the primaries next Tuesday.

FIVE thousand pieces of bread and butter are distributed daily to the guests at the St. Louis fair from the Minnesota bread and butter booth. The bread is made from Minnesota flour and the butter is of that kind which has made our state famous, and it is said to be the best advertisement on the grounds.

PRESIDENT ROOSEVELT has no more staunch friend than Congressman Buckman, of this district, who is a candidate for re-nomination at the primary election next Tuesday. During his term in congress he voted for every measure sent by President Roosevelt from the White House for the consideration of congress and on every measure involving national policies in accord with the platform of the republican party.

THE primary election coming at the time of year it does deprives many from a voice in the nomination of candidates for the various offices in this section of the state at least. The harvest takes a large number of the voters in the rural districts to the Dakota fields, and even the cities furnish many of these laborers. In many precincts in the northern part of this county the vote will not be

more than half what it would be if the primary election date was at some other time.

THERE are no warmer supporters of Congressman Buckman than the veterans of the civil war in various parts of the Sixth district and especially so in his home town where they have voluntarily formed a Buckman Veteran Club and are out to a man shouting his praise. It is a well known fact that Congressman Buckman has been able to render the old soldiers a service during his term in congress that they will not soon forget and he has been able to get results where others have failed and those who have entrusted their interests to him are now among those who are anxious to see him renominated and re-elected.

ESDON ETCHINGS.

L. E. Garrison is home again.

Several parties from Brainerd spent the day at Phillip Isle's Sunday.

Mrs. Conrad Isle is keeping house for her son, Phil, while he does the fall work on the farm.

Amos Chord is home from Brainerd where he has been visiting his cousins for a few days.

Mrs. Hilda Isle had a lady friend from Brainerd staying with her last week. We did not learn her name.

Mrs. M. J. Garrison is wishing to build a new house if she can get a carpenter to do the work before cold weather.

Quite a large party of East Brainerd people camped on the east shore of Portage lake recently. They apparently enjoyed themselves if it did rain a good deal of the time.

Some sneak thief stole several pieces from M. L. Hammett's mowing machine a short time ago. It was left standing in the field while he helped do some threshing at the neighbors' and when he went to hitch on again three guards and a plate that holds them in place were gone. The stealing of the pieces was quite a loss as he had to send to Brainerd for them and then could not get all, and had to spend time to rig up something to take their places. It is getting things down pretty mean when a farmer can't leave his machines standing where he wishes to work without having them disturbed.

Piles Can Be Cured

By Internal Treatment
Without the Aid of Narcotics or the Knife
You who suffer with piles know what a glorious boon it would be to you to be absolutely and painlessly cured. You know from actual experience that salves, ointments and other local applications do not cure. You may get relief, but you keep on suffering. There is a cause for every human ill. Remove the cause and you cure the complaint. Piles have two distinct causes: First, congestion of the liver; second, constipation resulting from poor digestion.

Dr. Perrin's Pile Specific

The Internal Remedy

absolutely removes these causes by increasing the flow of digestive juices in the stomach, and relieving the congestion of the liver. It is a tonic for the entire bowel system and helps each particular member of this system to work easily and naturally. You simply take a teaspoonful of this positive, internal remedy three times a day before each meal. It is pleasant to the taste and absolutely free from opium, cocaine or other narcotics. It is not a cathartic or temporary remedy; it produces a positive, radical and lasting cure.

Dr. Perrin's Pile Specific is sold under an **Absolute Guarantee**

to cure any case of blood, bleeding, itching or internal piles, no matter how chronic or aggravated it may be. Our money is not ours unless we are satisfied. If you are not cured, we will refund your money. Dr. Perrin's Pile Specific can be procured of any reliable druggist under an absolute agreement to refund your money should you take two bottles of the remedy without receiving positive benefit.

END OF THE LENA CASE

UNITED STATES GOVERNMENT
DECIDES SHIP MUST LEAVE
PORT OR DISARM.

EXPERTS TO EXAMINE SHIP

UPON THEIR REPORT WILL DEPEND FUTURE COURSE OF THE GOVERNMENT.

Oyster Bay, L. I., Sept. 14.—Russia's auxiliary cruiser Lena, which put into the port of San Francisco last Sunday, presumably from Vladivostok, either will have to leave that port within a brief time prescribed by this government or will have to be dismantled. That in brief, it can be stated authoritatively, is the decision of the American government.

All official reports relating to the arrival of the auxiliary cruiser at San Francisco have been transmitted to President Roosevelt and he is thoroughly cognizant of the facts thus far developed. The Lena is not seaworthy. Her boilers are in such condition as to render it dangerous for her to proceed farther without repairs. Reports so far received indicate that the boilers are in such condition as would preclude the possibility of making the necessary repairs at sea.

Differences of opinion have arisen as to the length of time it will take to make the needed repairs. The commander of the Lena is quoted in one report as saying that repairs to the vessel would occupy several months.

In order to determine definitely just what repairs may be necessary to place the ship in seaworthy condition the chief engineer of the American Pacific squadron and the chief inspector at San Francisco of the United States steamboat inspection service have been ordered to make a thorough examination of the Lena and as experts make a written report of their examinations to the authorities. On this report will be based the action of the government. Pending its receipt the vessel will remain at San Francisco.

If in the judgment of these experts the vessel can be made seaworthy in twenty-four hours, orders will be issued to her commander to leave port at the expiration of that period. On the contrary, if the report should show that the ship is in actual need of extensive repairs and overhauling and the making of the repairs would occupy any considerable time, the captain will be directed to dismantle the vessel and she will remain in that condition until the termination of the Russo-Japanese war.

OFFICIAL WADE CLEARED.

Navy and State Departments to Deal With the Lena Case.

Washington, Sept. 14.—The development of the day so far as it related to the Russian cruiser Lena at San Francisco, was the clearing up of the official muddle arising out of the doubt as to which of five departments of the government should deal with it. It was finally decided by the president that the state and navy departments should treat the case, acting jointly, a decision calculated greatly to simplify its handling.

Over night came a telegram from Admiral Goodrich at San Francisco, showing that on his own initiative he had caused one of his expert officers to make a preliminary examination of the Lena and that temporary repairs would occupy six weeks' time and that new boilers would involve eight months' delay. The president approved the admiral's action and decided that he should continue to handle the case in San Francisco under instructions from the state and navy departments.

Agreeable to the president's instructions, Acting Secretary Adee for the state department, and Captain Pillsbury for the navy department, had two conferences during the day and the result was the preparation of instructions to Admiral Goodrich, which it is understood were wired to the president for his approval. There is good ground to believe that these instructions contemplate the allowance of sufficient time for the Lena to make temporary repairs. However, there is a growing belief here that the vessel will be obliged to intern in the end, for it is altogether likely that by the time she could be made ready to go to sea one or more Japanese cruisers would be outside the Golden Gate ready to sink or capture her. Foreseeing such an event as a request for the right to intern, the officials have been considering what shall be done with the crew—whether they may be allowed to return to Russia on parole or must be interned on their ships in San Francisco harbor. On this point no decision has been reached.

DAVIS' LETTER OF ACCEPTANCE.

Democratic Vice Presidential Candidate Completes Document.

New York, Sept. 14.—Former Senator Henry G. Davis Tuesday completed the first draft of his letter accepting the Democratic nomination for the vice presidency. Mr. Davis came to New York to confer with the leaders of his party regarding this document and Senator Gorman of Maryland came on the same errand. The draft of the letter completed Tuesday will be revised today and the final touches added Thursday when Mr. Davis expects to leave for Elkins, N. Va. The letter will not be made public until after the formal acceptance of Judge Parker has been published.

Mr. Davis will make a brief address at the opening of the Democratic campaign in his own state at Wheeling on Sept. 20.

Negroes Driven From Town.

Carlisle, Ind., Sept. 14.—As the result of the intense feeling against the negroes in this city, which took the form of a threatening demonstration, only one negro family remains in Carlisle.

PARKER GOING TO NEW YORK.

Democratic Candidate Will Confer With Political Friends.

Esopus, N. Y., Sept. 14.—Judge Parker expects to go to New York on Thursday and to return on Friday. No announcement has been made as to the arrangements for the trip and Judge Parker's reason for leaving Rosemount is not known. It is understood that he will take apartments in some New York hotel and confer with political friends.

For several days it has been rumored that the judge was planning a visit to New York to call on the members of the national committee and other managers of the campaign. It was said also that he might remain there and take a hand in the running of the campaign for the purpose of bringing about more harmony in the relations between the men at headquarters, but it is believed here that the candidate, instead of straightening out real or imaginary differences has under consideration important plans of campaigning intended to change completely the working methods in some sections of the country. Judge Parker's trip to New York on Thursday will be the first visit of a political character since his nomination.

The results of the Maine elections are gratifying to the judge and his political friends who visited Rosemount Tuesday.

Democrats of Montana.

Helena, Mont., Sept. 14.—The Democratic state convention will convene today for the purpose of nominating a state ticket. It is conceded that Governor J. K. Toole will be re-nominated by acclamation and that his friends will be in full control of the convention.

THE MAINE ELECTION

REPUBLICAN CANDIDATE FOR GOVERNOR GETS ABOUT 27,000 PLURALITY.

Portland, Me., Sept. 14.—Returns from the small towns in distant parts of the state Tuesday and a careful revision of Monday night's figures place the Republican plurality in Monday's state election at about 27,000.

Returns from 450 cities, towns and plantations out of 552, give William T. Cobb, Rep., 75,954; Cyrus W. Davis, Dem., 50,017. The same places in 1900 gave Hill, Rep., 72,541; Lord, Dem., 39,714. The Republican gain over 1900 is now estimated at 5 per cent and the Democratic gain at 24 per cent.

Additional returns in the congressional districts have not altered the result, all four Republican congressmen being returned by pluralities ranging from 5,000 to 7,000.

Next year's senate will probably stand 27 Republicans and 4 Democrats, as against 29 Republicans and 1 Democrat in the last legislature. It is estimated that the house will be 121 Republicans and 30 Democrats. The last house stood 131 Republicans and 20 Democrats.

Chairman Simpson of the Republican state committee telegraphed President Roosevelt that the party had carried the state by more than 25,000. President Roosevelt replied later in the day expressing his delight at the result and congratulating Mr. Simpson and those who had worked with him most heartily.

EFFORT IS FRUSTRATED.

Rhode Island Legislature Refuses to Accede to Governor's Wishes.

Providence, R. I., Sept. 14.—The effort of Governor Garvin to obtain three amendments to the state constitution, the first to provide for constitutional initiative; the second, a moderate veto power for the governor, and the third, permitting registry voters to vote for city councilmen, was frustrated Tuesday by the failure of the general assembly to act on any of them, although there was a spirited debate in both branches. Both branches, however, passed a resolution condemning the action of the governor in calling the extra session and calling for an adjournment until Nov. 15.

BOTH DUELISTS WOUNDED.

Mississippi Minister Fatally Wounds a Man in a Duel.

Memphis, Tenn., Sept. 14.—A special to the Commercial Appeal from Columbus, Miss., says: In a duel with shotguns, about seven miles from this city, Rev. E. M. Youngmans, aged forty years, shot John Harris, thirty-eight years old, in the stomach, and the life of the latter is despaired of. Rev. Youngmans received a charge of shot in his side, but is not seriously injured. The cause of the shooting is unknown. Both parties are widely known. Rev. Youngmans is detained at the jail in this city.

RED MEN ELECT OFFICERS.

Thomas H. Watts of Alabama Chosen Head of the Order.

St. Joseph, Mo., Sept. 14.—Red Men of the United States elected the following officers Tuesday: Great Incense, Thomas H. Watts, Alabama; prophet, Thomas G. Harrison, Indiana; senior sagamore, John W. Cherry, Virginia; junior sagamore, W. A. S. Bird, Kansas; chief of records, Wilson Brooks, Illinois; keeper of the wampum, Thomas J. Bell, Massachusetts.

A revision of the laws by which saloonkeepers, bartenders and retail liquor dealers are to be barred from membership of the Red Men was adopted.

BABIES SAVED FROM FIRE.

Thirty-seven Children Narrowly Escape Being Cremated.

St. Louis, Sept. 14.—Through the presence of mind and bravery of three nurses and a house girl at the Christian Mothers and Babies' home Tuesday night, thirty-seven babies, ranging in age from one month to two years, were saved from being burned to death in a fire that charred the whole inside of the building. A policeman rescued an aged inmate of the home who was bedridden. The fire loss is nominal.

DESIRE INTERVENTION

DELEGATES TO INTERPARLIAMENTARY UNION WANT ORIENTAL WAR ENDED.

TO CALL PEACE CONGRESS

PRESIDENT ROOSEVELT ASKED TO CALL SECOND SESSION OF THE CONFERENCE.

St. Louis, Sept. 14.—The all important business for which the Interparliamentary union assembled was transacted at the second session, which was held Tuesday. With great unanimity these representatives of fifteen different national parliaments adopted two resolutions of far reaching importance. In one the powers of the world are asked to intervene now in the Russo-Japanese war. In the other the nations of the world are invited to participate in a second session of The Hague conference, and President Roosevelt is requested to issue the call.

The measure looking toward intervention in the far East was adroitly amended. Originally the resolution provided for intervention "At the proper time." The last four words, however, were stricken out on the ground that immediate intervention is necessary and a phrase calling for intervention of the powers "jointly and separately" was inserted and the hint was delicately but informally thrown out in this connection that the president of the United States could most properly tender mediation.

The action calling for a new session of The Hague conference took the form of the Barthold draft, the adoption of which without a dissenting vote aroused much enthusiasm.

The Hungarians sponsored a movement intended to forbid the use of floating submarine mines, but opposition developed on the ground that this matter might well be left for the hoped-for Hague conference, and the Hungarian resolution was withdrawn.

The only other feature of the session was the transmission by telegraph to President Roosevelt of the salutations of the interparliamentary union. The conference will adjourn today.

PARKER WILL PARTICIPATE.

Candidate Will Take Part in Democratic Campaign.

New York, Sept. 14.—The German bureau, recently established by the Democratic national committee with Herman Ridder in charge, will begin active work today. It is the intention of the organization to work in all sections of the United States where there is a large German population. Large mass meetings will be held in New York, New Jersey, Connecticut, Indiana, Illinois and Wisconsin.

Chairman Daniel McConville of the speaker's bureau of the Democratic national committee last night gave out the names of 100 or more Democrats who will, he states, take the stump in the so-called doubtful states during the coming campaign. It is said that these speakers will be assigned to begin work during the final week of September.

"It is known," Chairman McConville says, "that Judge Parker, former President Cleveland and William J. Bryan will each take part in the campaign."

DROUTH IN EUROPE.

Heart of the Country Suffering Very Severely.

Boston, Mass., Sept. 14.—A report to the American board from Rev. J. S. Porter, its missionary in Schell, Bohemia, states that the whole heart of Europe, particularly Bohemia and Moravia, is suffering from the most severe drouth within the memory of any one living. Potatoes and many other crops are a failure. The sugar beet crop is so light that many sugar factories will not be opened this year. Flour has increased from thirty hellers to forty hellers per kilogram and milk is increased in price.

Forest fires are of frequent occurrence. The Elba is so low that for six weeks no steamers have been able to move, and in many places one can wade across the river. Considerable long-lost treasure is being found in the river bottom.

TRAIN ROBBERY IN IOWA.

The Highwaymen Failed to Get Any Booty.

Kansas City, Mo., Sept. 14.—The Rock Island passenger train that was held up near Letts, Ia., Tuesday morning, reached Kansas City nearly seven hours late. According to statements made by officials of the United States Express company here and by the express messenger on the train the robbers were poorly paid for their risk, securing no money nor jewelry. The passengers were not molested.

PACER DAN PATCH MAY DIE.

Famous Bay Horse Is at the Point of Death.

Topeka, Kan., Sept. 14.—Dan Patch, the famous bay pacing stallion brought here to go against his record at the Kansas fair, is at the point of death, suffering from strangulated hernia. The veterinary surgeons say the crisis will come today and that they have a chance to save the horse's life.

M. D. Savage, owner of Dan Patch, has arrived here from Minneapolis.

WINERY DESTROYED BY FIRE.

Property Loss Estimated at Three Hundred Thousand Dollars.

Sacramento, Cal., Sept. 14.—The Nacoma vineyard winery, fifteen miles northeast of this city on the American river, together with the fermenting plant and distillery, were burned to the ground Tuesday night. The Nacoma winery was one of the largest in the state and the loss probably will reach \$300,000.

Judge Parker's trip to New York on Thursday will be the first visit of a political character since his nomination.

The results of the Maine elections are gratifying to the judge and his political friends who visited Rosemount Tuesday.

Democrats of Montana.

Helena, Mont., Sept. 14.—The Democratic state convention will convene today for the purpose of nominating a state ticket. It is conceded that Governor J. K. Toole will be re-nominated by acclamation and that his friends will be in full control of the convention.

THE MAINE ELECTION

REPUBLICAN CANDIDATE FOR GOVERNOR GETS ABOUT 27,000 PLURALITY.

Portland, Me., Sept. 14.—Returns from the small towns in distant parts of the state Tuesday and a careful revision of Monday night's figures place the Republican plurality in Monday's state election at about 27,000.

Returns from 450 cities, towns and plantations out of 552, give William T. Cobb, Rep., 75,541; Cyrus W. Davis, Dem., 50,017. The same places in 1900 gave Hill, Rep., 72,541; Lord, Dem., 39,714. The Republican gain over 1900 is now estimated at 5 per cent and the Democratic gain at 24 per cent.

Additional returns in the congressional districts have not altered the result, all four Republican congressmen being returned by pluralities ranging from 5,000 to 7,000.

Next year's senate will probably stand 27 Republicans and 4 Democrats, as against 29 Republicans and 1 Democrat in the last legislature. It is estimated that the house will be 121 Republicans and 30 Democrats. The last house stood 131 Republicans and 20 Democrats.

Chairman Simpson of the Republican state committee telegraphed President Roosevelt that the party had carried the state by more than 25,000. President Roosevelt replied later in the day expressing his delight at the result and congratulating Mr. Simpson and those who had worked with him most heartily.

EFFORT IS FRUSTRATED.

Rhode Island Legislature Refuses to Accede to Governor's Wishes.

Providence, R. I., Sept. 14.—The effort of Governor Garvin to obtain three amendments to the state constitution, the first to provide for constitutional initiative; the second, a moderate veto power for the governor, and the third, permitting registry voters to vote for city councilmen, was frustrated Tuesday by the failure of the general assembly to act on any of them, although there was a spirited debate in both branches. Both branches, however, passed a resolution condemning the action of the governor in calling the extra session and calling for an adjournment until Nov. 15.

BOTH DUELISTS WOUNDED.

Mississippi Minister Fatally Wounds a Man in a Duel.

Memphis, Tenn., Sept. 14.—A special to the Commercial Appeal from Columbus, Miss., says: In a duel with shotguns, about seven miles from this city, Rev. E. M. Youngmans, aged forty years, shot John Harris, thirty-eight years old, in the stomach, and the life of the latter is despaired of. Rev. Youngmans received a charge of shot in his side, but is not seriously injured. The cause of the shooting is unknown. Both parties are widely known. Rev. Youngmans is detained at the jail in this city.

RED MEN ELECT OFFICERS.

Thomas H. Watts of Alabama Chosen Head of the Order.

St. Joseph, Mo., Sept. 14.—Red Men of the United States elected the following officers Tuesday: Great Inebone, Thomas H. Watts, Alabama; prophet, Thomas G. Harrison, Indiana; senior saganamore, John W. Cherry, Virginia; junior saganamore, W. A. S. Bird, Kansas; chief of records, Wilson Brooks, Illinois; keeper of the wampum, Thomas J. Bell, Massachusetts.

A revision of the laws by which saloonkeepers, bartenders and retail liquor dealers are to be barred from membership of the Red Men was adopted.

BABIES SAVED FROM FIRE.

Thirty-seven Children Narrowly Escape Being Cremated.

St. Louis, Sept. 14.—Through the presence of mind and bravery of three nurses and a house girl at the Christian Mothers and Babies' home Tuesday night, thirty-seven babies, ranging in age from one month to two years, were saved from being burned to death in a fire that had reached the whole inside of the building. A policeman rescued an aged inmate of the home who was bedridden. The fire loss is nominal.

DESIRE INTERVENTION

DELEGATED TO INTERPARLIAMENTARY UNION WANT ORIENTAL WAR ENDED.

TO CALL PEACE CONGRESS

PRESIDENT ROOSEVELT ASKED TO CALL SECOND SESSION OF THE CONFERENCE.

St. Louis, Sept. 14.—The all important business for which the Interparliamentary union assembled was transacted at the second session, which was held Tuesday. With great unanimity these representatives of fifteen different national parliaments adopted two resolutions of far reaching importance. In one the powers of the world are asked to intervene now in the Russo-Japanese war. In the other the nations of the world are invited to participate in a second session of The Hague conference, and President Roosevelt is requested to issue the call.

The measure looking toward intervention in the far East was adroitly amended. Originally the resolution provided for intervention "At the proper time." The last four words, however, were stricken out on the ground that immediate intervention is necessary and a phrase calling for intervention of the powers "jointly and separately" was inserted and the hint was delicately but informally thrown out in this connection that the president of the United States could most properly tender mediation.

The action calling for a new session of The Hague conference took the form of the Barthold draft, the adoption of which without a dissenting vote aroused much enthusiasm.

The Hungarians sponsored a movement intended to forbid the use of floating submarine mines, but opposition developed on the ground that this matter might well be left for the hoped-for Hague conference, and the Hungarian resolution was withdrawn.

The only other feature of the session was the transmission by telegraph to President Roosevelt of the salutations of the interparliamentary union.

PARKER WILL PARTICIPATE.

Candidate Will Take Part in Democratic Campaign.

New York, Sept. 14.—The German bureau, recently established by the Democratic national committee with Herman Kitter in charge, will begin active work today. It is the intention of the organization to work in all sections of the United States where there is a large German population. Large mass meetings will be held in New York, New Jersey, Connecticut, Indiana, Illinois and Wisconsin.

Chairman Daniel McConville of the speaker's bureau of the Democratic national committee last night gave the names of 100 or more Democrats who will, he states, take the stump in the so-called doubtful states during the coming campaign. It is said that these speakers will be assigned to begin work during the final week of September.

"It is known," Chairman McConville says, "that Judge Parker, former President Cleveland and William J. Bryan will each take part in the campaign."

DROUTH IN EUROPE.

Heart of the Country Suffering Very Severely.

Boston, Mass., Sept. 14.—A report to the American board from Rev. J. S. Porter, its missionary in Schemmel, Bohemia, states that the whole heart of Europe, particularly Bohemia and Moravia, is suffering from the most severe drought within the memory of any one living. Potatoes and many other crops are a failure. The sugar beet crop is so light that many sugar factories will not be opened this year. Flour has increased from thirty hellers to forty hellers per kilogram and milk is increased in price.

Forest fires are of frequent occurrence. The Elba is so low that for six weeks no steamers have been able to move, and in many places one can wade across the river. Considerable long-lost treasure is being found in the river bottom.

TRAIN ROBBERY IN IOWA.

The Highwaymen Failed to Get Any Booty.

Kansas City, Mo., Sept. 14.—The Rock Island passenger train that was held up near Letts, Ia., Tuesday morning, reached Kansas City nearly seven hours late. According to statements made by officials of the United States Express company here and by the express messenger on the train the robbers were poorly paid for their risk, securing no money nor jewelry. The passengers were not molested.

PACER DAN PATCH MAY DIE.

Famous Bay Horse Is at the Point of Death.

Topeka, Kan., Sept. 14.—Dan Patch, the famous bay pacing stallion brought here to go against his record at the Kansas fair, is at the point of death, suffering from strangulated hernia. The veterinary surgeons say the crisis will come today and that they have a chance to save the horse's life.

M. D. Savage, owner of Dan Patch, has arrived here from Minneapolis.

WINERY DESTROYED BY FIRE.

Property Loss Estimated at Three Hundred Thousand Dollars.

Sacramento, Cal., Sept. 14.—The Natroma vineyard winery, fifteen miles northeast of this city on the American river, together with the fermenting plant and distillery, were burned to the ground Tuesday night. The Natroma winery was one of the largest in the west and the loss probably will reach \$300,000.

WHITE BROS.

Don't Neglect Yourself.

1408 Second Street, LOUISVILLE, KY., April 14, 1903.

I have been weak and sickly for the past four years, caused by irregularity and carelessness regarding the laws of health, but about five months ago my condition became very serious. I had severe backache and suffered a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience.

His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it.

I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine of Cardui I was once more a well and happy woman.

Res. L. M. THOMPSON,
Director,
BEETHOVEN MUSICAL SOCIETY.

WINE OF CARDUI

Wine of Cardui regulates the menstrual flow, banishes headaches, backaches and bearing-down pains. Severe headaches, bearing-down pains, indigestion, loss of appetite and nervousness are symptoms of female weakness and should be given prompt attention. If you are troubled with menstrual irregularities do not let them run on. They will certainly grow into dangerous and chronic troubles. Get a bottle of Wine of Cardui and begin treatment at once.

All druggists sell \$1.00 bottles of Wine of Cardui.
